

Student mid-semester feedback

Dear colleague,

It is very important for us to receive your constructive feedback. Your feedback is crucial to make the current unusual condition of learning and teaching as palatable as possible.

When providing comments for the questions below, please always specify the course your comment relates to instead of general comments about all of the courses.

Thus, specify the course that you are referring to by indicating the instructor in parenthesis. For example:

The instructor gives too many assignments (Merkel) OR

There is no feedback (Matovič:)

The instructor could use a short instruction course on how to use ZOOM (Trump:)

I would prefer to have a ZOOM conversation with the instructor/ We do not need a ZOOM conversation with the instructor (Erdogan).
