Missing more than 15 minutes of the class is considered an absence.					
Výsledky vzdelávania: This course begins to teach students to organize and connect factual information by using their analytical abilities to think critically about politics. In this course, students should learn about the basic nature of political science and the connections between the sub-divisions of the field. The course will introduce students to the basic concepts, institutions, and processes of politics. It will also provide the conceptual meaning and concrete information needed in order to understand and cope with the political events and governmental actions that affect every individual. The beginning of the course will be devoted to the concept of “Liberal Education”.
